Eagles Fly for Leukemia

Founded close to 40 years ago, **Eagles Fly for Leukemia** supports pediatric cancer research at Children's Hospital of Philadelphia and provides financial assistance to local families with children at St. Christopher's Hospital for Children, Alfred I. duPont Hospital for Children, Children's Hospital of Philadelphia, and the Ronald McDonald House of Philadelphia and Southern New Jersey.

Eagles Fly for Leukemia has raised over \$10 million dollars towards our goal of abolishing childhood cancers and enhancing the lives of children and families in our local communities.

In 2000, **Eagles Fly for Leukemia** began its Family Support Fund - a service providing direct assistance to families in the Delaware Valley whose children battle cancer. The Family Support Fund works directly with hospital social workers in identifying families in financial need, and assisting directly with non-medical expenses throughout the treatment of the child, allowing the families to focus on what is truly important - the health of their children.

Through the **Eagles Fly for Leukemia** Scholarship Program, many pediatric patients over the years have had access to a college education. Each year, St. Joseph's University and Drexel University award a child, who has endured the hardships of pediatric cancer, a Full Four Year Scholarship on behalf of **Eagles Fly for Leukemia**. In addition, **Eagles Fly for Leukemia** also awards three Kim Hill Scholarships to children who have battled pediatric cancer.

The **Eagles Fly for Leukemia** Golf Classic has become known as one of the areas premier fundraisers bringing together golfers, professional athletes, and local celebrities in its fight to end pediatric cancer. We urge you to spread your wings and support **Eagles Fly for Leukemia**.

We look forward to seeing you!
